

PRESENTS**DTK 300 ACCESS****PARAMETERS**

Screen L*W mm	122*34 LCD
Identification time	<1s
Fingerprint Capacity	3,000
Log Capacity	80,000
Temperature	0C-50C
Power	DC12V
Voltage range	100v~240V
FAR	≤0.0001%
FRR	≤1%
Language	
Communication Protocols	TCP/IP,RS232/485,
Access Control	50 time zones,5 time groups,10 opening combinations, tamper alarm, exit button, bell button embedded,door sensor,etc,
Machine size (L*W*H mm)	130*88*38
Packing (L*W*H mm)	27*18*12
Optional Function	ID or IC card reading

KEY FEATURES

Korean design , Dedicated access control system, external Proximity card (WG26) can be attached for exit use , Data transfer TCP/IP , 3,000 users , Very fast Identity system, Scratch less & dust free Sensor, Time Zone facility-Specific time zone for door open can be set for specific user , Easy to use T & A software , SDK available, CE & ROHS certified.

About Digitek System International INC –

DIGITEK is Korea based company & is leader in Biometric solution, In a world of digital revolution, where the technology is reaching out and touching our lives in almost every sphere, **DIGITEK** has emerged as a leading supplier of end-to-end solutions for the technology platforms of Smart Cards, Biometrics, Radio Frequency Identification and IP Surveillance. Digitek innovative and most outstanding biometric solutions for corporate and organizations across the system. **DIGITEK** is uniquely focused on delivering Biometric security based enterprise-wide applications designed from ground up for the SME and Large market. These applications are extremely cost effective, feature-rich and user friendly. Users can start with an off-the-shelf
